13. DISPOSAL CONSI	IDERATIONS			
WASTE FROM RESID	UES/UNUSED F	RODUCTS:	Do not allow to enter drains or watercourses or dispose of where ground or surface waters may be affected.	
CONTAMINATED PACKAGING:			Wastes, including emptied aerosols, are controlled wastes and should be disposed of in accordance with regulations made under the Control of Pollution Act. Using the information provided in this safety data sheet, advice should be obtained from the relevant environment agency whether the special waste regulations apply.	
14. TRANSPORT INFO	ORMATION			
UN NUMBER:	UN1950			
SHIPPING NAME:	Aerosols			
HAZARD CLASS:		Transport).	Classification code 5f	
EmS:	F-D, S-U 2			
CLASS (LQ): LABELLING:	∠ 2.1			
15. REGULATORY INF SYMBOLS:	FORMATION

	R66 R67		xposure may cause skin dryness or cracking v cause drowsiness and dizziness	
	1.07		y cause drowsiness and dizziness	
S-PHRASE(S):	S2	Keep out of	the reach of children	
	S9	Keep conta	iner in a well ventilated place	

No chemical safety assessments have been carried out for any of the substances used in this preparation.

16. OTHER INFORMATION USES ADVISED AGAINST:

The product should not be used for any purposes other than its intended use. Handling, storage and conditions to avoid instructions must be followed at all times.

The information contained in this safety data sheet is provided in accordance with the requirements of the Chemical (Hazard Information and Packaging) Regulations. The information we have provided is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as guidance for safe handling, use, processing, storage, transportation, disposal and release and is not considered a warranty or quality specification. The information relates only to the material designated and may not be valid for such material used in combination any other materials unless specified in the text.

Product Safety Data Sheet

LineMarker

white - yellow - red - blue - green - orange - black

EU regulation 1907/2006/EEC - (REACH)

1. IDENTIFICATION OF SUBSTANC	CE/PREPARATION AND THE COMPANY/UNDERTAKING
PRODUCT NAME:	LINEMARKER
USE:	Open system operated by non-trained consumer.
APPLICATION/CONDITIONS:	Linemarking Spray Paint.
SUPPLIER:	YORK SURVEY SUPPLY CENTRE LTD.
	Prospect House, George Cayley Drive, Clifton Moor, York, YO30 4XE : United Kingdom

2. HAZARDS IDENTIFICATION

MOST IMPORTANT HAZARDS:	Harmful to aquatic environment. Vapours may cause drowsiness and dizziness. Extremely
	flammable.
SPECIFIC HAZARDS:	Irritating to eyes. Repeated exposure may cause skin dryness and cracking.

3. COMPOSITION/INFORMATION ON INGREDIENTS

IDENTIFICATION OF THE PREPARATION: A mixture of resins, pigments, mineral extenders, additives, organic solvents and organic gases.

CHEMICAL NAME	CAS-No	EC-No	CLASS	WEIGHT	REGISTRATION-No
Mixed Aromatic	64742-95-6	649-356-00-4	R10 Xn; R37 R65 R66	10-15%	-
Hydrocarbons			R67 N; R51/53		
2-Butoxyethanol	111-76-2	603-014-00-0	Xn; R20/21/22 Xi;	5-10%	-
			R36/38		
1-Methoxy-2-Propanol	107-98-2	603-064-00-3	R10	5-10%	-
Propan-2-one	67-64-1	200-662-2	R11, R36, R66, R67	40-60%	-
Butane	106-97-8	203-448-7	F+; R12	10-30%	-
Propane	74-98-6	200-827-9	F+; R12	10-30%	-

VOC Content - 55g/L - 58g/L Contains no known PBTs or vPvBs

4. FIRST AID MEASURES

GENERAL ADVICE:	In all cases of doubt, or unconscious person.	when symptoms persist, seek medical attention. Never give anything by mouth to an
INHALATION:		ep the patient warm and at rest. If breathing is irregular or stopped, administer artificial g by mouth. If unconscious, place in recovery position and seek medical advice.
SKIN CONTACT:	Remove contaminated solvents or thinners as	clothing immediately and wash affected skin with soap and water. DO NOT use skin cleaning agents.
EYE CONTACT:		be removed. Promptly wash eyes with lots of water while lifting the eyelids. Continue to utes and get medical attention.
INGESTION:	If swallowed, seek med	ical advice immediately and show this container or label. Do not induce vomiting.
5. FIRE-FIGHTING MEA	ASURES	
SUITABLE EXTINGUIS	HING MEDIA:	Recommended use: Alcohol resistant foam, carbon dioxide (CO2), dry powder, water spray. Do not use water jet. Cool containers with spray water.
EXTINGUISHING MEDI BE USED FOR SAFETY		Do NOT use high pressure inert gas or water jets.
SPECIFIC HAZARDS:		Fire may produce dense black smoke containing hazardous combustion products (see heading 10). Decomposition products may be a hazard to health. Do not allow run-off from fire fighting to enter drains or watercourses.

SPECIAL PROTECTIVE EQUIPMENT FOR FIREFIGHTERS:

6. ACCIDENTAL RELEASE MEASURES

PERSONAL PRECAUTIONS:	Remove all sources of ignition. Ensure adequate ventilation. Evacuate personnel to safe areas. Avoid breathing vapours. Refer to protective measures listed in sections 7 and 8.
ENVIRONMENTAL PRECAUTIONS:	DO NOT allow to enter drains or watercourses. If the product enters drains or sewers, the local water company should be informed immediately. In the case of contamination of streams, rivers or lakes, inform the relevant environment Agency. Vapours are heavier than air and may spread
	along floors. Vapours may form an explosive mixture with air.
METHODS FOR CLEANING UP:	Contain and collect spillage with non-combustible absorbent materials, (e.g. sand, earth, vermiculite, diatomaceous earth) and place in a suitable container for disposal in accordance with the waste regulations (see section 13). Clean the spill area, preferably with a detergent. Avoid the use of solvents.

7. HANDLING AND STORAGE

HANDLING: Keep the aerosol in a cool, dry place. Exclude sources of heat, sparks and open flame. Do not use sparking tools around aerosols. Avoid skin and eye contact. Avoid inhalation of vapour and spray mist. For personal protection, see section 8. Prevent the creation of flammable or explosive concentrations of vapour in air and avoid vapour concentrations higher than the occupational exposure limits. Never apply pressure to the aerosol, the aerosol is a pressurised object and may explode if pressure is applied.

GENERAL: The accumulation of vapours in an enclosed area may result in spontaneous combustion, use only in well ventilated areas. Use responsibly and in the correct manner. Wear the appropriate personal protective equipment, as outlined in section 8.

STORAGE: Observe the label precautions. Store between 5 and 25°C in a dry, well ventilated place away from sources of heat, ignition and direct sunlight. No smoking. Store separately from oxidising agents and strongly alkaline and strongly acidic materials.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

10. STABILITY AND REACTIVITY

Aromatic

ODOUR:

STABILITY:	Stable under the recommended storage and handling conditions (see section 7).
CONDITIONS TO AVOID:	Applying heat or pressure to the aerosol may result in explosion and fire. Naked flames, smoking, wet and damp storage conditions and mishandling may also result in explosion and fire.
MATERIALS TO AVOID:	Keep away from oxidising agents, strongly alkaline and strongly acidic materials in order to avoid exothermic reactions.
HAZARDOUS DECOMPOSITION PRODUCTS:	In a fire, hazardous decomposition products such as smoke, carbon monoxide, carbon dioxide and oxides of nitrogen may be produced.

11. TOXICOLOGICAL INFORMATION

ACUTE TOXICITY:	Splashes in the eye may cause irritation and reversible local damage.
LOCAL EFFECTS:	Repeated or prolonged contact with the product may lead to removal of natural fats from the skin, resulting in non-allergic contact dermatitis and absorption through the skin. Exposure to organic solvent vapours may
	result in adverse health effects such as irritation of the mucous membrane and the respiratory system and
	adverse effects on the renal and central nervous systems. Ingestion causes irritation of upper respiratory system and gastrointestinal disturbance.
SENSITIZATION:	
CHRONIC TOXICITY:	

CHRONIC TOXICITY: LONG TERM TOXICITY:

Contains no known category 1 or 2 carcinogens, mutagens or reproductive toxicants.

12. ECOLOGICAL INFORMATION

MOBILITY:	
PERSISTENCE AND DEGRADABIL	ITY:
BIOACCUMULATION:	
ECOTOXICITY EFFECTS:	No data is available on the product itself. Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.
	This product should not be allowed to enter drains or watercourses or be deposited where it can
	affect ground or surface waters. The Air Pollution Control requirements of regulations made under the Environmental Protection Act may apply to the use of this product.

ENDOCRINE DISRUPTING POTENTIAL:

Contains no known substances that require a chemical safety report.
